

# Your kitten is coming home.

Everything we use and recommend for our own cats, in one list. Tick things off as you go — and text us anytime if you have a question before go-home day.

## 01 · CHECKLIST

### The basics

Set these up a few days before go-home day.

- ☐ **Hard-sided cat carrier**  
For the ride home and every vet visit.
- ☐ **Food and water bowls**  
Ceramic or stainless steel.
- ☐ **Scratching post**  
Tall and sturdy — British cats love a good stretch.
- ☐ **Bed and a few toys**  
Wand toys are a favorite.
- ☐ **A quiet first room**  
Litter box, food, water and bed together in one calm space for the first days.
- ☐ **A wellness visit with your veterinarian**  
Book it for the first week home.

#### The first days

Keep your kitten in one quiet room with everything it needs, then open up the house gradually.

#### Same food, same litter

Familiar food and litter make the move easier. Change anything gradually.

#### Paperwork

Keep the Florida health certificate and vet records together for your veterinarian.

## On *go-home day*

### Bring the carrier

Line it with a soft towel. Your kitten travels in the carrier, never loose in the car.

### Keep the ride calm

Cool car, quiet music, no stops with the kitten left inside.

### Collect the paperwork

Florida health certificate, vet records and TICA registration.
